AI-Enabled Talent for Modern Legal Teams

On-Demand AI, Legal & Privacy Staff Augmentation. No Overhead. No Risk.

Contract talent is the smarter way to staff your privacy and legal teams. AI-validated professionals, deployed on W-2, benefits-eligible, embedded in your organization in as little as one week - all the expertise of a full-time hire, with none of the overhead or long-term commitment.

True W-2 Employment

Every TruLegal contractor is a W-2 employee - not a 1099 or gig worker. We handle payroll, taxes, and employer compliance entirely.

Benefits Eligible

Contractors may opt in to benefits including health insurance with a 401(k) and employer match through TruLegal.

Onboard in as Little as 1 Week

Full-time hires take 3-6 months. A TruLegal contract professional can be embedded and productive within days - not quarters.

Pay Only for Hours Worked

No retainers, no contracted minimums. Billed only for actual hours - whether 10 or 40 per week. Scale up or down at any time.

Any Duration, Any Volume

3-week sprint or 18-month engagement, part-time or full - TruLegal contract staffing fits any shape or duration your team requires.

Repurpose Outside Counsel Spend

Shift even 10-15% of outside counsel budget to embedded contract talent and get more done - faster, by people who know your work.

WHY CONTRACT IS THE SMARTER STAFFING MODEL

The Outside Counsel Math

The average AmLaw firm bills **\$500-\$1,200/hour** for a senior associate. A TruLegal W-2 contract professional - AI-validated technical skills and human-assessed fit, embedded in your team - costs a fraction of that, with no billing surprises. Many clients fund their entire contract staffing program by shifting just 10-15% of outside counsel spend.
